## Biographies

**Please send in your bios or call me for an interview!**

## Note from the Comp Directors:

Racers - thanks for a spectacular weekend of racing at RCS 5! It was another warm weekend but we had a great turn out. Summer Enduro Lite was SO much fun. It was dark, it was cool and we ran until 11:30 PM! We learned some things for set-up that we will be better at next time and, besides a couple of timing glitches at the start, everything went swimmingly. We plan to do this again in August running 3 laps at a time with more clearly defined run groups. We will also plan to run open practice from 9 AM to 6 PM. The track will close at 6 PM to set for Hot August Night, which will run from 7-until? Take note - the 4 PM practice session will not happen at RCS 6.

We also gave away the RX7! The winner of the car was Mike Hall from Red Bluff and Trinity Touring Club! Mike was excited and quite surprised! He will take possession of the car in a couple of weeks. Thank you to all who participated in the contest! Your ticket fees will be put to work to make our racing experience the best it can be! Be safe and stay cool this month - see you at the track!

## You Asked, We Answered

**Q:** I want to make a difference in the club, how can I do that?

**A:** Glad you asked. We hold club meetings each month on the 3rd Wednesday. Meetings begin at 6:30 PM and usually run about an hour. All comers are welcome, members have a vote. Want to get more deeply involved? Consider becoming a member of our board. We nominate in Sept. & Oct., and elect board members at the Oct. meeting following the Fall Enduro. Terms run from January through December. Some positions are 1 year positions and some are two.

**Q:** How do I find out what class my car should be in?

**A:** SSCC follows the SCCA classification book. Drivers can find the book in a PDF downloadable form at the SCCA website. The club also has a current copy at the track during all events. While we can offer look-up assistance, actual car classification is the driver's responsibility. Although rare, questions about a competitor's classification do come up. The Comp Director can facilitate a protest, but driver's are strongly encouraged to handle these issues on their own.

**Q:** Do I have to put numbers and class abbreviation on my car?

**A:** Yes. For timing, registration and results reporting purposes, all cars must have clearly-marked car number and class abbreviation in approved locations.

1. Numbers should be at least 8" tall

2. Letters should be at least 4" tall

3. Numbers should be on the driver and passengers door whenever possible. We accept other side locations if they can be read from a distance at speed.

#### **Siskiyou Sports Car Club Has Partnered with Rogue Spartans Racing**

**We look forward working with this group and will be dedication a special section to them each month with updates on their team.**

The purpose of Rogue Spartans Racing is to help disabled combat veterans with transition and reintegration through motorsports, while helping build skills that can be used for possible employment in the motorsports industry, such as mechanics, marketing, fundraising, promotion, fitness and nutrition, as well as driving.

We are starting this project by running a car, as a team, in the Siskiyou Sports Car Club Rogue Challenge Series. The team competed in round 3 and will continue to run through the end of the season. Autocross will be used to introduce veterans to grassroots racing, as it is the least expensive, and risky type of auto racing.

The eventual goal is to be a fully funded, non-profit organization, with multiple cars running in various racing series, each supported by a team of disabled combat vets.

### 43rd Rogue Challenge Series (RCS) Point Standings - July 2017

The RCS consists of 7 events, April through September. Only 6 of them will be counted for points, so if you attend all 7 events, the event with the lowest number of points will be thrown out. To qualify for the championship awards, a person needs to have participated in at least 4 of the events, in the same class. Points are awarded as: 1st place=9 pts, 2nd=6 pts, 3rd=4 pts, 4th=3 pts, 5th=2 pts, beyond 6th and DNF=1 pt.

With only 2 more events in the RCS this season, those listed above could still get four events run in their class. Then, some would qualify as champion in their class. Those having run 4 or more events, no matter which classes, will receive a free dinner at the awards banquet during the Enduro weekend in October.
