## Note From the Competition Director

RCS 7 has come and gone and the points race for RCS 2017 in the books. This event was particularly awesome because of the great weather and the fantastic turn-out.

We had a few new faces and cars and we really appreciate everyone who made it out. The final night event of the season was our best yet. Endless Summer Night featured 20+ drivers and some very competitive times. Hopefully you all had fun with those events this year. We'll see how next year shapes up for the lights...perhaps a separate points series could be in the future. Sadly, there's only one more chance this year to get your speed on and the Fall Enduro should be a blast for all. Average temp for that weekend in Medford is 75 f. and average rainfall is 0.02", so here's hoping for perfect race weather Oct. 6, 7 and 8. Thanks to each and every person who took part in our events this year - see you at the Enduro!

## Memorial Scholarships

SSCC has received thank you letters from this year's recipients of the Terry Hinesly and Tom McDaniel memorial scholarships which the club funds. Both scholarships award \$1,000 each to assist students in Rogue Community College's automotive technology program. Recipients of the scholarships this year are Gabriel Tayson and Mariah Starns, both from Grants Pass.

Tayson, who received the Tom McDaniel scholarship, wrote in-part:

"I cannot thank you enough for this opportunity. I have a love of all things mechanical and this scholarship helps tremendously. I hope to use my education to further my dreams of working in the automotive field."

Tayson wrote that he is contemplating continuing education at a university to complete a degree in mechanical engineering.

Starns, who received the Terry Hinesly scholarship, wrote in-part:

"Thank you so much for accepting me as your scholarship recipient, and providing me with a way to continue paying for school. Some of this money I plan on using for tools to help me progress through the automotive program and my future endeavors."

After completing her degree in automotive technology, Starns hopes to earn a degree in diesel technology and then a degree in business. Her dream is to own a shop and ultimately earn a mechanical engineering degree.

SSCC is part the President's Circle for individuals or organizations that contribute \$1,000 or more annually to the RCC Foundation. Full-time student tuition at RCC will average \$5,900 per student next year.

## A Word From Our Partners at Rogue Spartans Racing

09/12/2017

Bryan Canon

Rogue Spartans Racing

Back in April I was given an old race car that had sat for years. I decided to use it as an outreach tool for other veterans, and Rogue Spartans Racing was the result.

We struggled with consistent participation at first, and a whole slew of mechanical and funding issues, but we managed to hang in there and have a little success, and a whole lot of fun. We have a good committed group now in Vic Birdseye, Sean Hillis, Brandon Mollette, Kyle Williams, and myself, and are looking forward to the fall enduro and next season. Our sponsor, All Aspects Building and Design, will be helping us to complete the process of becoming a non-profit over the course of the next few months, which will allow us to involve more veterans in future seasons.

I'd like to thank the SSCC, All Aspects Building and Design, Randy Grub, Dave Winterburn and Custom Imprints, Jackson County 3%, Derek DeBoer and TC Chevy, Anne Canon, Jared Haaland, Dick Weide at Rogue Valley Carburetion, Ken Culver at Bullet Machine, and all of the other folks who supported us in one way or another be it with advice, encouragement, or a monetary donation. We truly appreciate everything and couldn't have made it through the season without all of you.

Thanks for putting up with a bunch of guys who, at times, may be a little loud and rough around the edges, we have really enjoyed ourselves and can't wait to do it all again next year.
